

Motherhood and God : finding balance in our use of technology

How might we use technology in positive ways in our homes and family life and in our personal use to contribute to a balanced 'pattern for living'?

REACHING UP: getting a God perspective, worship, prayer, reflection, bible study/reading

Examples:

MOVING OUT: our engagement with the wider world through our work, our ministry, our engagement with the big issues of our time: politics, environment, mission

Examples:

SHARING WITH: our connectedness with each other in our families near and far, our friends, building and sustaining relationships

Examples:

LOOKING IN: learning about ourselves, who we are, what nourishes us and keeps us healthy, how God has made us and wants to use who we are

Examples:
