SPOTLIGHT ON HEARTEDGE

HEARTEDGE is a national community of churches hosted by St Martin in the Fields.

It offers a great selection of resources and online gatherings for sharing ideas. Such as:

How to reopen your venue after the Pandemic? Tips and tactics [here](#).

What about those who are one step removed from the social networks in which support and resources can be found? **Common Change UK** and **US Common Change** involves groups of friends giving regularly into a 'common fund'. [Learn more here](#).

Below is a sample of what is on offer in this month's circular.

- Pilgrimage, being a dispersed church, plus tips on preaching politics.
- Hosting a Credit Union. Or a Parish Nurse. Plus Common Change.
- Making plans for post-Covid - Church Café, or developing the building - and all about collaboration.
- Our online festival of theology and ideas - 'Living God's Future Now'.

BBC DOCUMENTARY SEEKS LEVELLING UP VIEWS

BBC Current Affairs is making a two-part series about the changes the UK economy has undergone since the 2008 financial crisis, to be broadcast this autumn on BBC2.

Governments of the past decade have spoken a common language around 'levelling up', 'a country that works for everyone', and 'rewarding work not just wealth'. Yet many people feel they've seen little benefit, or that life has in various ways become even tougher.

People planning to attend the G7 protests in Cornwall are being sought to take part in the programme. Reasons for protesting, your broader thoughts on some of the policies and issues that have affected Cornwall, such as cuts to local council budgets, housing costs, and insecure work will all be of interest.

If you are interested in taking part, email [Jecca Powell](mailto:jecca.powell@bbc.co.uk) on jecca.powell@bbc.co.uk or call 07837539687.

SPOTLIGHT ON WORRYING ABOUT MONEY

Thanks to Cornwall Council funding, a 'Worrying about money?' leaflet for Cornwall will soon be distributed widely throughout the county. Transformation Cornwall, the Trussell Trust and the Independent Food Aid Network (IFAN) have been working with key stakeholders operating in Cornwall to develop the leaflet.

The 'Worrying about money?' leaflet is a simple resource for people facing financial crisis - and those who are supporting them - to quickly see available advice and support options and which agencies are best placed to help. The aim is to reduce the need for emergency food aid by helping people access any existing financial entitlements and advice

on income maximisation. You can see leaflets that have been developed in other local authority areas [here](#).

The leaflets will be supported with some practical/simple training sessions linked to the leaflet, please let us know via the [order form](#) if your group or organisation would be interested to hearing more about related training as we develop the programme. An online version of the leaflet is available via [this page](#) on the Independent Food Aid Network (IFAN) website.

If you have any questions contact Sabine Goodwin at admin@foodaidnetwork.org.uk.

SCHOOL UNIFORM RECYCLING TOOLKIT

Buying school uniforms is a financial challenge for many families in Cornwall. With children constantly growing or sometimes changing schools, the next big expense is always around the corner. Last month Transformation Cornwall teamed up with the Cornwall Independent Poverty Forum and Volunteer Cornwall to release a [School Uniform Recycling toolkit](#).

The general idea is to centrally collect

good condition school uniforms and associated items and re-distribute them. The short guide gives readers top tips for developing a scheme with their local school or strengthening an existing scheme that is currently running.

In partnership with the Cornwall Community Foundation, we were also able to offer grants of up to £70 for new and existing projects to help with things like boxes, rails and clothes washing.

FAITH & MENTAL HEALTH NETWORK

Working alongside Revd Andrew Yates, Transformation Cornwall are continuing to strengthen links between faith and mainstream communities around our core themes. One example of this is our involvement with the newly formed 'Faith and Mental Health Network' There are a huge number of resources around mental health and faith on the Transformation Cornwall [webpage](#).

The network meets every two months

and is a mutually supportive group of people offering a safe space to explore issues and share information, resources and best practice.

The next meeting of the Faith in Mental Health Network on July 7 at 2pm, will look at how people's mental health around bereavement can be supported through

events such as memorial services. It will also look at what are the challenges and opportunities for pastoral ministry in this area.

FOODBANK SUPPORT

We are continuing our work to support the Cornish Foodbanks, working with local and national partners to get examples of good practice, policies, procedures, community links and information in to them.

We are also working with some of the foodbanks on their bespoke funding and project development/planning, and our offer remains to assist them all in any way that we can.

See the latest version of the [Cornish Foodbank update](#).

One of the key issues with the Foodbanks' current way of working is their hugely reduced abilities to signpost to the 'wrap around services' that their customers need. To help with this, Transformation Cornwall applied to the Diocese of Truro Funds for Mission, and were awarded a small grant to print and post enough hard copies of the telephone signposting information list to the 19 Cornish Foodbanks to go out in foodparcels to the Foodbank customers.

The list was co-created with a number of the foodbanks and is a comprehensive list of services helping with mental health, housing, debt, dependency, advice, training, employment etc throughout Cornwall. The list is downloadable from our [website](#).

LUCY JOINS THE TEAM

We are delighted to be joined in our team by Lucy Sherburn as our Communications and Administration Assistant.

Lucy will be working to help us share our message and help us to develop exciting new projects on and offline. Alongside her work with us, Lucy will continue studying for her degree in English at Falmouth University.

Lucy is already getting stuck in with her work and will be joining us as part of the delivery team in person at St Petrocs for Meet the Funders over the two days to lead on social media and helping with general admin for the event.

You can read more about Lucy on our [website](#).

HAPPIFY DAILY

Sometimes we might feel needing help can put you in a vulnerable place, but it doesn't have to be that way.

Globally, depression affects up to **300 million people, and 1 in 13 people suffer from anxiety**, according to the World Health Organisation. Although the disorders are treatable, less than half actually receive treatment.

Despite efforts to erase negative stigmas around mental health, the faulty assumption sticks and can be a main barrier to those seeking support.

To make getting the support you deserve easier, there are some tips on how to do it here: <https://my.happify.com/hd/7-ways-to-ask-for-help-when-you-are-feeling-down/>

ENVIRONMENT PRAYER

Heavenly Father,
You have taught us, through your servant St Francis,
That all creation is your handiwork.
Grant us your grace that we may
Exercise wise stewardship of this Earth;
Tread lightly upon it;
And cherish its resources;
That our children may enjoy its riches,
throughout all generations,
And your name be glorified through all
that you have made.
Amen.

Bishop of Manchester*

SPOTLIGHT ON GEE SEVEN AND YOUNG PEOPLE

Truro Cathedral's 35 choristers aged 8-18 are rallying schools and choirs from around the world to sing Gee Seven, a new joyful but poignant song by Peter Hobbs and Sir Tim Rice.

It's directed at world leaders as they gather in Cornwall in June for the 2021 G7 Summit.

An emotive **music video** has been produced, and over 13,000 voices have signed up so far from 18 countries. **Sing2G7 has recently released the Gee Seven single**, and with schools throughout UK already learning the song, numbers are rising daily, with

50,000 being the target by the time Summit begins.

The song is just one way of putting young voices at the heart of world affairs. There's also Cornwall Council's **Y7Cornwall website** designed to celebrate and inspire a generation as Cornwall prepares to host the G7 Summit. It's being developed with the support of young people and will be packed with ways for them to get involved and get their voices heard. Young people are already recording **one minute messages** to tell world leaders what they want them to do.

CORNWALL VSF 'CO-CREATING CORNWALL'S FUTURE'

Cornwall Voluntary Sector Forum (VSF) is full steam on the **'Co-creating Cornwall's Future'** virtual event, taking place on June 11.

There is still time to share your views on improving Cornwall's environment, economy, and the health and wellbeing of our residents in this **quick poll**. There have been have some wonderful submissions for the **#IAmCornwall**

campaign and there's still time to add yours.

The comms team is working to tell as many stories from the sector as possible. If you have videos showcasing your organisation in action, which you would like to see featured in a voluntary sector showcase, please send them to comms@cornwallvsf.org.
