

PRAYING FOR OTHERS

Who needs to be prayed for?

Holding others in our prayers is just one of the ways we can show love and care for other people. Can you think of others who need a prayer?

Use this map to show where in the world they are.

You could write your prayer here if you like, or just say it in your head as you speak to God.

Where are you on this map?
Where are others you know?

What labels can you add to this map?
Can you label countries, counties, towns or cities?
