

# Change & Renewal News

Working towards a fruitful and sustainable future.

Spring 2024

## MARCH DEANERY LEARNING EVENT

We welcomed members of Deanery Implementation Teams and Transforming Mission to Epiphany House in March for a day exploring the question - How can you show you are making a difference? It was good to talk about all that is already going on and how they link to the 12 areas of fruitfulness and sustainability.

We spoke about the different ways we are communicating already, how we can make these more effective and some barriers that might be in place at the moment. All of these conversations were noted and taken on board by the team, leading what we do to support you this year.

There are two more events coming up this year focusing on Children & Young People on the 19<sup>th</sup> June and Buildings on the 25<sup>th</sup> September. Make sure to save the dates in your diary!

## NEW PROJECT SUPPORT OFFICERS

Thank you for your continued diligence and patience in Deanery Implementation Teams in a time of transitions for the Change & Renewal Team. It is a joy to add three new Project Support Officers to the Change & Renewal team. They bring a wealth of skills and experience to the deaneries they will be working with. From left to right in photo: Jo Dean for Carnmarth North, St Austell and Trigg Minor & Bodmin, Jane Yeomans for Pydar, East Wivelshire and West Wivelshire and Steve Robinson for Kerrier, Stratton and Trigg Major. Daniel Mantell-Roberts will continue to support Carnmarth South, Powder and Penwith. Please join us in welcoming them warmly into your deaneries and make good use of all that they have to offer.

### What's Next...

**Newsletters.** After listening to feedback we have developed a newsletter template for deaneries to use if they choose to. These will help to communicate both around the deanery and the diocese all the wonderful work that is going on. There is also a page on the website where all of these will be available to view.

**Fruitfulness & Sustainability Framework.** We have been collecting your stories and data for the last year, and following our learning from this period we have listened to your needs and improving this process. We are therefore in the process of revising our data collection into a framework. This is so that we can tell the stories, and numbers that are making a difference in your deanery better both locally, to Bishops Diocesan Council and the nationally to the Archbishops Council against funding we receive from them. Your Project Support Officer will aid your team in discerning what information is needed for your specific deanery and how to go about collecting and recording it.

### Upcoming Events:

**Meet the Funders:** St Martin's Liskeard 25<sup>th</sup> April  
**Deanery Learning Day:** Epiphany House 19<sup>th</sup> June
