

How to play "Beans"

You need a caller (you will have to take turns with this)

The caller chooses a type of bean and the players try to be the first to respond by doing the appropriate action.

- Runner Beans - Everyone runs around (be careful not to bump into anyone)
- Broad Beans - stretch your arms and feet sideways to make yourself as broad as possible and move around the space like that
- French Beans - walk around saying "Bonjour" to all the other French Beans
- String Beans - make yourself thin as possible and move around the space
- Baked Beans - fan yourself with your hand and say "Phew, I'm so hot"
- Chilli Beans - shiver as though you are very cold
- Jelly Beans - shake your whole body like a jelly
- Jumping Beans - jump up and down on the spot
- Mr Bean - shrug your shoulders and make a confused face.
- You can always make up some more beans of your own.
