## Exploring Generosity and Giving

How can a Generous Giving Advisor help you?

# How can a Generous Giving Advisor help you?

The generous giving team are very pleased to come alongside you to explore generosity in the context of your church community. We want to learn more about who you are, what you are doing, and how generosity fits in with the vision and mission of your church in order to support, advise, and resource you.

## Some possible areas which we can explore with you:

- Encouraging a culture of generosity in the church by looking at generosity in its widest sense, not just in terms of money, but in terms of discipleship and a generous lifestyle, and considering our response to our generous God.
- Encouraging an environment of generosity in the church by helping you to find and use the different resources that are available and to help you identify which of these are appropriate for use in your church.
- Facilitating the teaching of generosity by providing advice, ideas, and resources for preaching, small group work, and personal reflection.

- Providing advice on the effective use of social media, websites, and digital platforms to encourage generous giving within congregations and communities.
- Helping you in reflecting on and developing the vision and mission of your church, and how generosity and giving can be embedded in your vision and facilitate your mission.
- Providing advice on ideas about how to inspire giving in both your worshipping community and the wider community, and how to communicate the need for and impact of giving to your church.

## What we are not here to do:

- Just talk about money.
- Chase up your MMF payments.
- Provide one size fits all solutions or tell you what to do.
- Help with the finer details of financial management and budgeting.

**“The generous man looks for ways to be generous” Isaiah 32:8**
