

PRAYING FOR OUR COMMUNITY

Think about your community. The people or places in it. Think about what makes your community special. What makes your community different to others? Are there things that you hope for in your community?

Is there a special place or building in your community? Draw it here.

Who or where, needs a prayer? Is there a person, a group or a place that you would like to pray for? You could write your prayer here.

Sometimes when we pray, we pray for things we are thankful for. Can you think of four things you are thankful for?

Sometimes when we pray, we ask God for something. Perhaps we ask for help or things we hope for. Write or draw what you might ask God for here.
